Città di Faenza

A journey through memory and material, bringing timeless craftsmanship into the present. More than a surface, Città di Faenza is a poetic expression of space, honest, intimate, and deeply connected to our lives. Rooted in tradition and designed for today, it reflects our need for simplicity and meaningful connection in the spaces we call home.

RESOUNDING LUXURY

This collection brings history into the present with subtlety and grace.

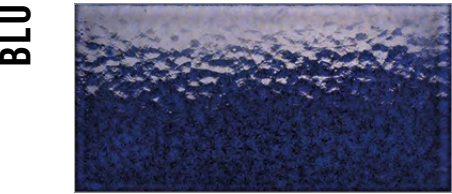

Ceramic here becomes a nurturing force, a material that gathers, grounds, and unites us, acting as both surface and symbol. Città di Faenza understands our spaces and, in turn, reflects what we feel within them. It is a road paved with personal rituals, shared stories, and the power of quiet design, a bridge between the past we hold dear and the present we continue to shape.

With its timeless simplicity and poetic honesty, the collection invites us to engage with interiors on an emotional level. It speaks of creativity without excess, of materials that listen, and of spaces that are lived in and loved.
