I Travertini

Telling the story of the beauty of a noble material, I Travertini is a stone beloved by architects throughout the ages, from ancient Rome, to the Renaissance and up to the contemporary era.

R E S O U N D I N G L U X U R Y

Travertine reveals different textures depending on its cuts.

The Cross Cut technology reproduces the cloudy aesthetics achieved by cutting perpendicular to the direction of layering of the stone, resulting in a homogeneous and balanced overall effect.

Vein Cut is inspired by the cut made in the direction of layering, highlighting the elongated, sinuous design of the veins.
